

XEOMA SOFTWARE

SMART VIDEO SURVEILLANCE

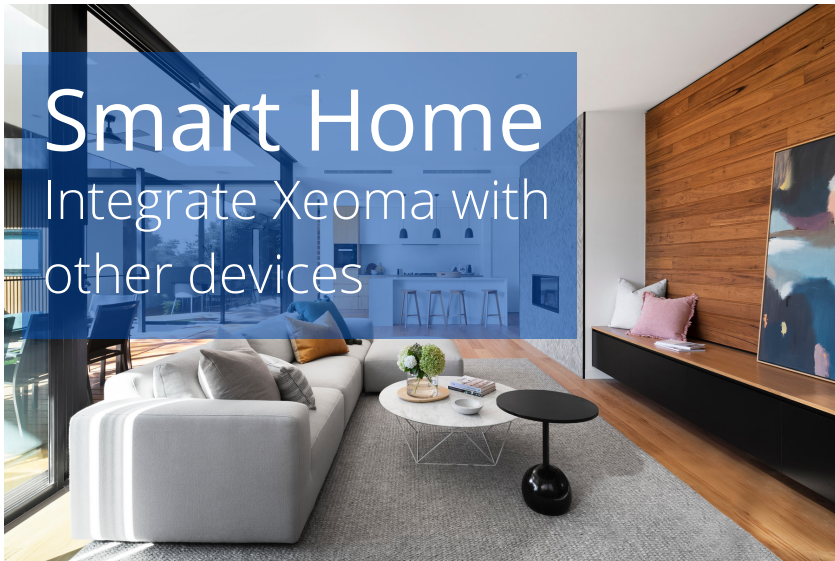

DEAR **SIR OR MADAM**, WE INVITE **YOU** TO BECOME OUR PARTNER

Xeoma

is video surveillance software with a simple interface, flexible turnkey settings, quality service and professional functions. It offers a completely Free version, which is ad-free. Thanks to the modular structure, working with Xeoma is easy. Install Xeoma on your device and start working.

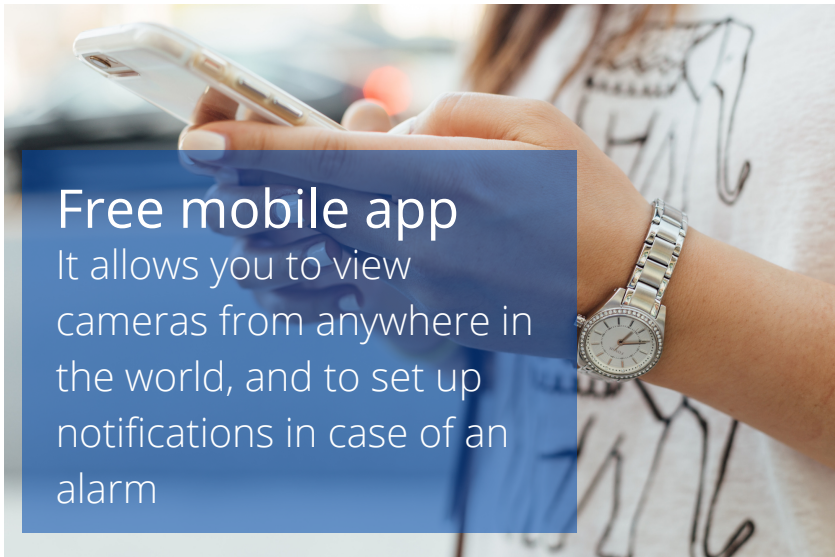

Smart Home

Integrate Xeoma with other devices

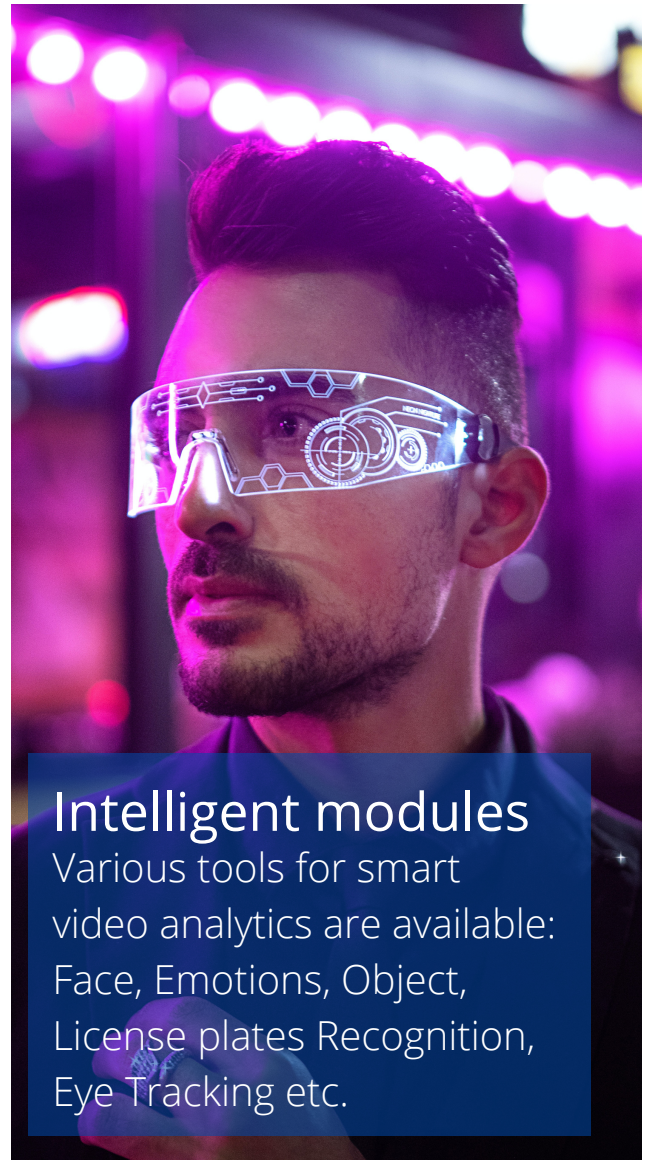

Free mobile app

It allows you to view cameras from anywhere in the world, and to set up notifications in case of an alarm

Intelligent modules

Various tools for smart video analytics are available: Face, Emotions, Object, License plates Recognition, Eye Tracking etc.

Xeoma Cloud and Xeoma Pro Your Cloud

Possibility to connect to our cloud server or create your own cloud, access to which you can sell to your customers

Available all over the world

The program is translated into more than 20 languages, including Spanish

All types of cameras are supported

Xeoma supports 99% of IP camera models on the market, as well as analog and USB cameras

Supported by most popular OS

Windows, Linux, ARM, MacOS, Android, iOS and others

Easy start with affordable prices

All our licenses are perpetual (lifetime), but you can also rent them (monthly payment), which is more convenient for start-up projects

YOUR BENEFITS AS OUR PARTNER

A close-up photograph of two people in business attire shaking hands, symbolizing a partnership. The background is blurred, focusing on the hands and forearms.

Partnership Program

Up to 30% discount for purchases, access to the partner's personal account, no contracts are needed

A top-down view of a person's hands typing on a laptop keyboard. The laptop is open, and the screen shows a colorful abstract background. A pen, a notebook, and an orange are also visible on the desk.

Demo licenses

You and your clients can test the program before purchasing it

A close-up, artistic photograph of several interlocking metal gears. The lighting is dramatic, highlighting the metallic texture and the teeth of the gears.

Free customization

You can redesign the program for your company's requirements, change the name, logo, intros, icons, text information, etc.

ABOUT OUR COMPANY

FelenaSoft successfully develop and produce software for over 17 years. We are chosen and trusted by hundreds of thousands of customers all over the world. One of our main projects is Xeoma smart video surveillance software. Thanks to our clients and their feedback our specialists are constantly improving the program making it even more convenient for users. We cooperate with various large international companies, such as icomm, WestWorld, MictomTech and many others.
